

Welfare Benefits for EU Migrants Webinar – Points of Clarification

The following points clarify some issues discussed in the webinar:

Slide 14 – Pre-settled status Rights to Reside

- This slide should also include a worker or self-employed person who has stopped working due to permanent incapacity
- Rights of residence are all subject to differing conditions and should be discussed with an expert welfare rights adviser

Slide 15 – Pending EUSS application

- Slide should say “were residing in the UK on 31/12/2020”, not “had a right to reside”. Having applied to the EUSS and been given a certificate of application is sufficient proof of residence on that date
- A person with a pending application to the EUSS cannot be treated as “settled” by the DWP until granted settled status by UKVI
